

10DF

PRO SERIES DRIVE-OVER FENDER EQUIPMENT/CAR HAULER

BigTex TRAILERS

GVWR: 9,990#

EMPTY WEIGHT: 3,330# (20' Model)

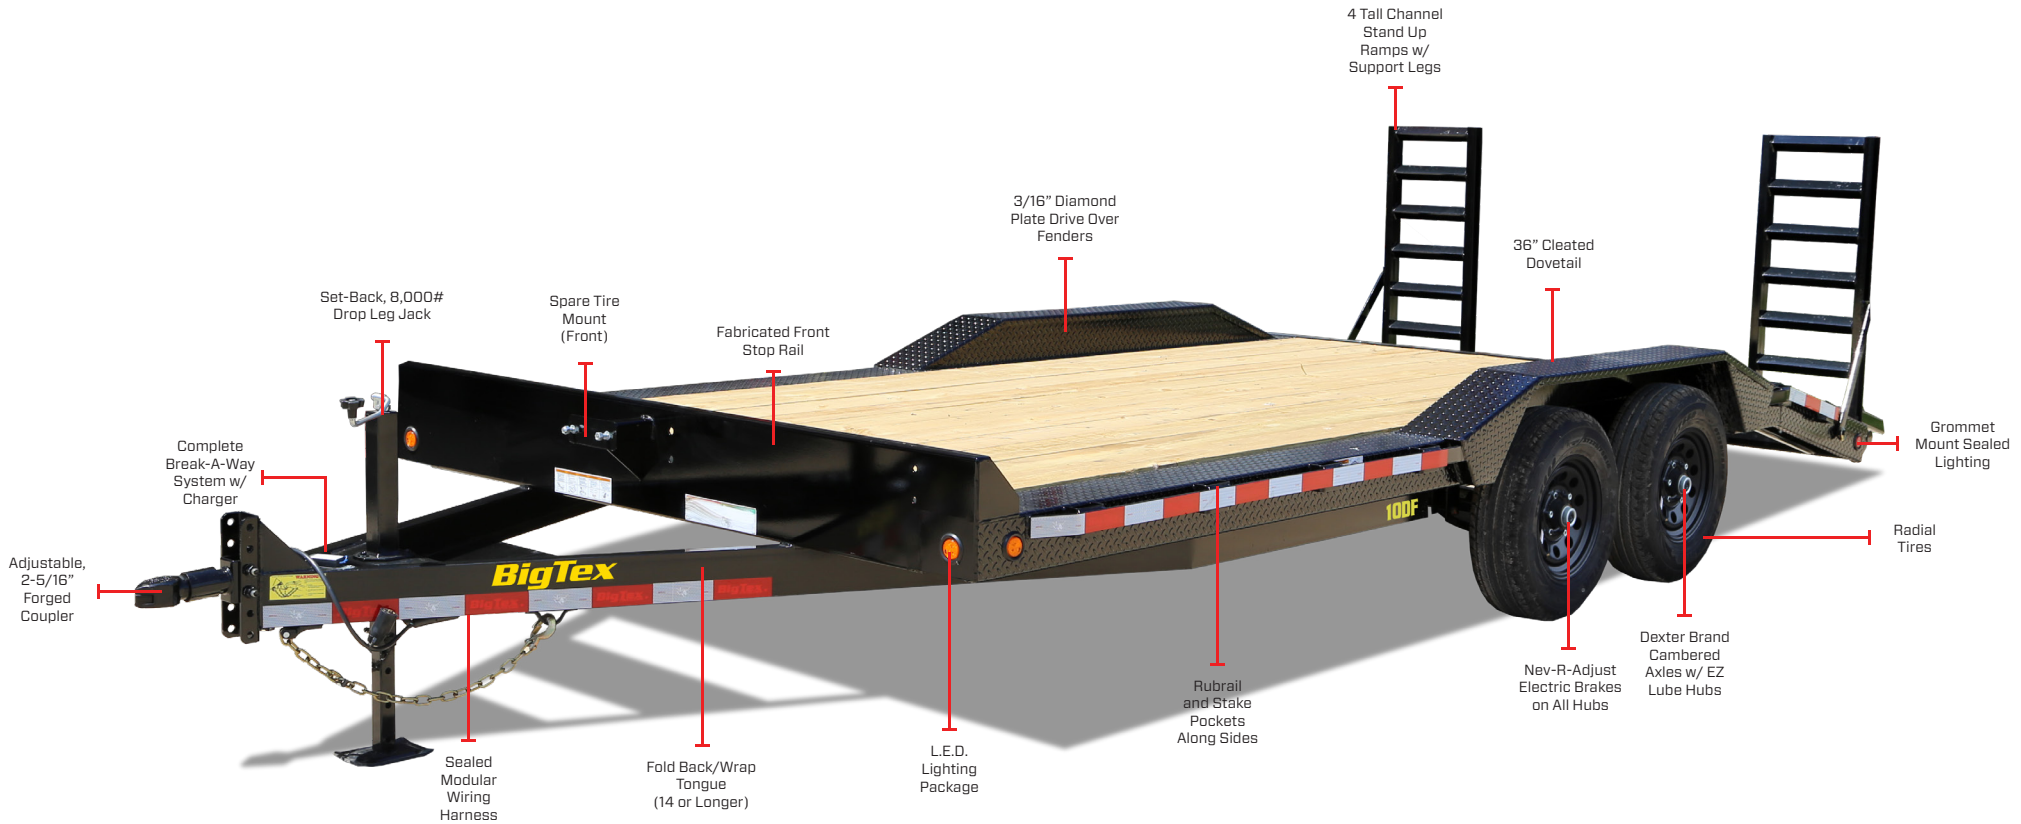

AVAILABLE LENGTHS: 18' - 22'

BED WIDTH: 102" WIDE

COUPLER: Adjustable, 2-5/16" Forged

CLEATED DOVETAIL

The 10DF is equipped with a 36" cleated dovetail for maximum traction and less slippage when loading and unloading equipment.

DRIVE OVER FENDERS

This tandem axle equipment trailer comes standard with 3/16" diamond plate drive over fenders allowing the trailer to have its 102" deck width. This is ideal for loading wider vehicles.

FRONT STOP RAIL

Also standard is the formed 2" stop rail. This feature helps insure the safety of your tow vehicle while loading cargo and during transit.
