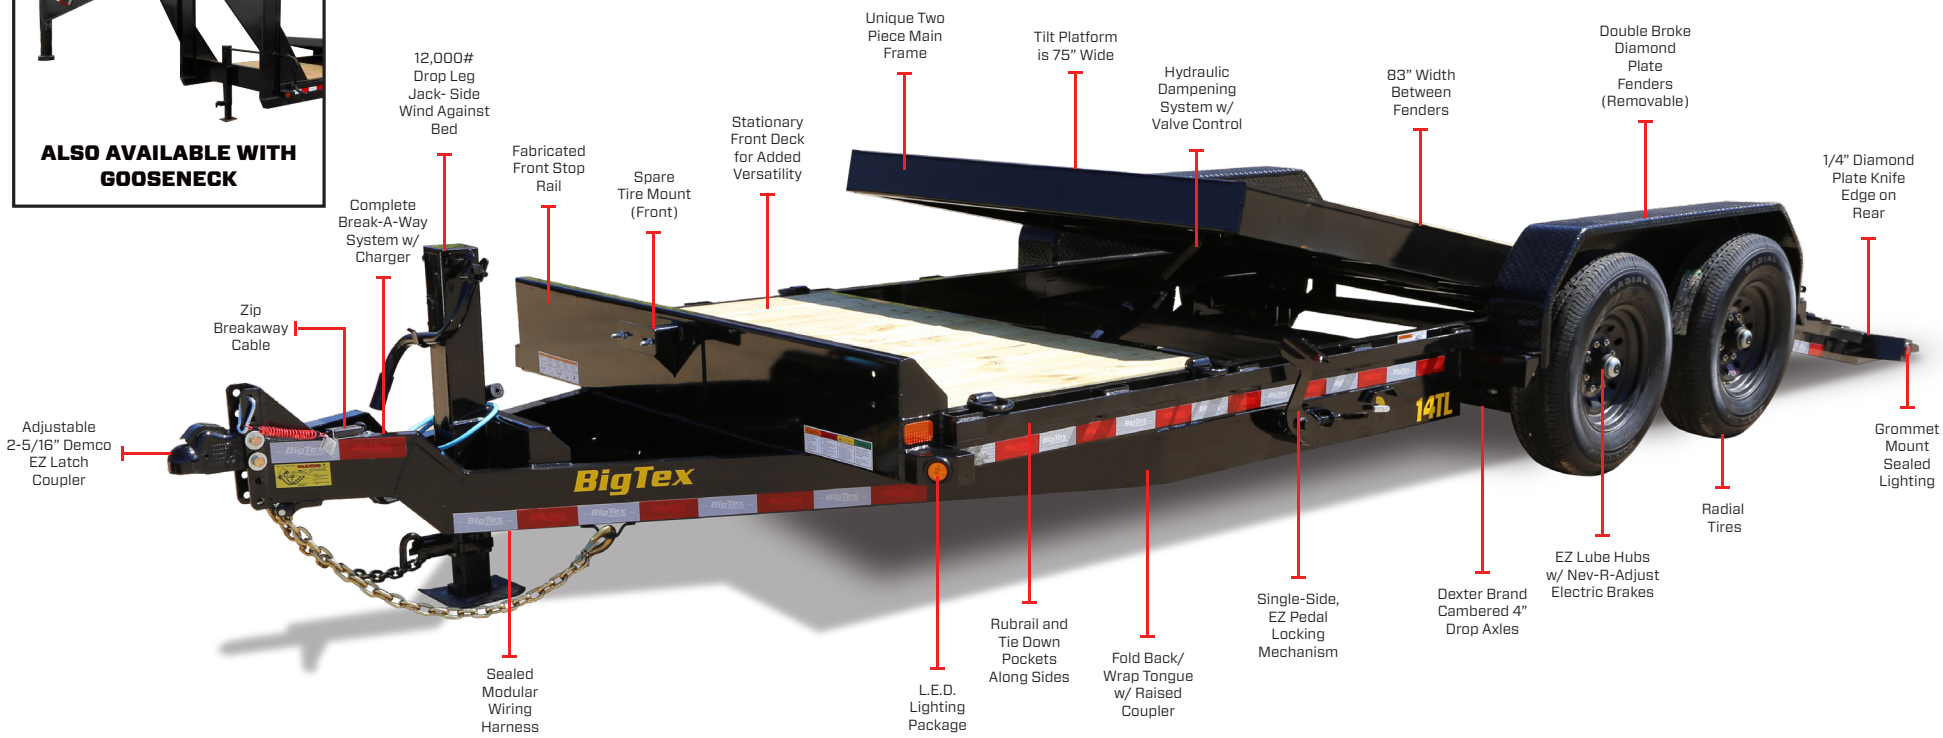
BigTex TRAILERS

ALSO AVAILABLE WITH GOOSENECK



VALVE CONTROL ON HYDRAULIC CYLINDER

The 14TL features a hydraulic dampening system and valve control to lock the cylinder. Now, loading your cargo is a smooth and easy process and your cargo is sure to be secure during transit.

REAR KNIFE EDGE

A wide variety of equipment and small vehicles may be towed on the 14TL because of the 1/4" diamond plate rear knife edge.

POCKETS ALONG SIDES

For added convenience and stability when securing loads.
